

## BASIC SCIENCES AND HUMANITIES

---

As per ICAR guidelines for setting up new agriculture colleges, Anand Niketan College of Agriculture Warora has set up a new section “BASIC SCIENCES AND HUMANITIES” with effect from September 2020.

### Vision:

- The basic aim of this section is to accommodate all Basic Sciences courses under one roof and to ensure welfare of students.
- The section houses a fully furnished and functioning Computer cum Language learning laboratory with following features/facilities:-
- Adequate attention has been given to accessibility requirements of “students with special needs.”
- The section proposes to enhance the capacity of its computer laboratory. All essential reading/practical resources required for courses under this section have been made available without delay.

### Future Plans:

- The section has comprehensive future plans which shall be implemented in phased manner with cooperation from all stakeholders.
- A comprehensive project is proposed to carry out extensive study to ascertain possible causes of poor levels of English amongst college students and explore possible remedies.
- The section has plans to introduce short-term courses both for students and faculty to enhance the communication skills. The same may be initiated at college and may be further extended to district level.
- Regular sessions shall be conducted by the section to impart lessons in English language to aspirants of various competitive examinations in collaboration with college competitive study forum.
